*Consumer prices for Artrene and Cyrux were calculated on the basis of manufacturer selling prices by using conversion factors provided by IMS Health. †Another misoprostol drug—Cytofine (Master Farma)—is also being sold in Peru, but sales data are unavailable.

The information in this document lists the legally registered types and doses of misoprostol sold by country in 2007; it is not meant to substitute for medical advice or act as a guide for self-treatment.
